# Brief on BNB Coin!

---

Today, Binance Coin (BNB) is one of the world's largest cryptocurrency exchanges. One crucial fact about BNB is its multifaceted utility. Launched in July 2017 by Changpeng Zhao (CZ), BNB was initially developed to reduce trading fees on the Binance platform, but BNB has expanded its use. It was initially based on the Ethereum blockchain as an ERC-20 token but later migrated to Binance's own blockchain, Binance Chain.

Furthermore, BNB plays a pivotal role in the Binance Smart Chain (BSC), a blockchain designed for decentralized applications and smart contracts.

# Why Choose **ICONICS**?

---

## Decentralized Environment:

ICONICS operates in a decentralized environment, harnessing the collective inputs of various parties and owners. This decentralization ensures an inclusive approach to finance, minimizing central authority control.

## Powered by BNB:

Being powered by Binance Coin (BNB) lends ICONICS significant credibility and reliability within the decentralized finance (DeFi) space. BNB is a well-established cryptocurrency with a strong track record, making ICONICS a trusted DeFi platform.

## Transparency:

ICONICS is committed to transparency, providing investors with clear insights into their investments. This transparency builds trust and allows users to make informed decisions about their financial assets.

## Security:

Security is a paramount concern in the world of DeFi, and ICONICS takes this seriously. With robust security measures in place, your assets are protected from potential threats, giving you peace of mind.

---

The ICONICS platform offers various avenues for enhancing your investment returns and incentivizing both yourself and others to increase their participation in this dynamic platform. Among its latest features, ICONICS introduces the concept of "pool income," allowing investors to access a portion of the total company turnover.

Let's delve into the various pool income opportunities based on specific criteria.

# Rocket Pool (Total Distribution 5%)

---

## Criteria:

- To qualify for Rocket Pool, an investor must successfully refer a minimum of 5 direct referrals within a single day, each of whom must have an active package investment.
- The directs must buy packages that are either equivalent to or greater than the referral's current package.

## Reward Structure:

Investors meeting this criteria will be entitled to a share of 5% of the total company turnover generated on that specific day.

**Note: The Rocket Pool criteria and income is applicable only onetime a day. The reward will be distributed among all eligible participants who have fulfilled the mentioned criteria on the same day.**

## Lucky Pool (Total Distribution 5%)

---

### Criteria:

To be eligible for Lucky Pool, existing investors must purchase a direct 10 BNB package.

### Reward:

Investors meeting this eligibility on that same day will share in a 5% distribution of the company's total turnover.

**Note: The Lucky Pool criteria and income is applicable only onetime a day. The distribution of rewards will be evenly distributed among all individuals who have met the specified criteria on the same day.**

# Withdrawal & Reinvestment
